

Use Case(UC_1.3):	Pick extra services like insurance or GPS
Scope:	Travel services (OnTheGo)
Level:	User level
Intention Context:	Each costumer has the right to decide if he/she wants extra service after choosing the car
Minimum Guarantees:	The costumer choose the extra service he/she wants but has not submitted this form.
Success Guarantees:	Costumer has already filled the form and provided with the chosen services
Primary Actor:	Costumer.
Stakeholder's Interest:	Administrator can see the preferences of costumers by seeing their choices and also add other services
Precondition	Costumers should have picked a vehicle for rental.
